Key Sermon Highlights

- Faith is the substance of what we hope for – it is real, active, and based on obedience.
- Obedience validates your faith. Faith without works is dead.
- The devil's main target is not your money or comfort — it's your FAITH.
- Real Christianity is a journey of endurance, especially in the face of trials.
- Don't confuse wishing with faith. Faith requires the Word of God, action, and endurance.

Quote to Remember

“When the devil tests your faith, tell him: You're too late. I still believe!”

Reflection Questions

1. Do I truly understand the meaning of faith, or have I mistaken it for wishful thinking?
2. What areas of my life require obedient action to validate my faith?
3. When tested, do I have a plan B — or do I endure with Christ in view?
